

The following link will take you to a Division of Waste Management online document repository that will allow you to access all information DENR has concerning environmental investigations at the DuPont Brevard Facility.

To access the information click the following link:

<https://edm.nc.gov/DENR-Portal/>

Next, click into the “Value” box at the upper right portion of the screen (see below). Type in the following numbers: 003152329. Click on the “Search” button.

The screenshot shows the CARA Portal search interface. It features two main sections: 'General criteria' and 'Property criteria'. The 'General criteria' section includes fields for Division, Subdivision, Document Category, Doc Group, Document Type, and Full Text Search. The 'Property criteria' section includes fields for ID, Name / Subject, Document Date, Description, and Author, each with a dropdown menu for the search operator (contains, after, before) and a 'Value' input box. A blue arrow points to the 'Value' box for the 'ID' field, with a text box containing 'Click In This Box' next to it. A 'Search' button is located at the bottom left, and 'Help' and 'Staff Login' buttons are at the bottom right.

This search will pull up all documents related to the DuPont Brevard Facility. To view any document “right click” on the document you want and you will be able to either preview or download the document. Please note that to download a document you will need Adobe on your computer. To obtain a free download of Acrobat Reader, go to
