

North Carolina Registered Computer Eq. Manufacturers

The North Carolina Electronics law (§ 130A 309.130) states that a manufacturer of computer electronics equipment must pay a fee and submit an approved recycling plan to the Department in order to be in complete compliance with the law. This report informs manufacturers of where there is a deficiency and their overall compliance status. Manufacturers inquiring about their compliance status should email the Solid Waste Section at: electronic_recycling@ncdenr.gov
