PUBLIC NOTICE

N.C. DEPARTMENT OF ENVIRONMENTAL QUALITY INTENT TO ISSUE NPDES WASTEWATER DISCHARGE PERMIT #NC0001422

Public comment or objection to the draft permit modification is invited. All comments received by November 16, 2015 will be considered in the final determination regarding permit issuance and permit provisions.

PERMIT APPLICATION

Duke Energy Progress, Inc. has applied for a Major Modification of its NPDES wastewater permit (NC0001422) for L. V. Sutton Energy Complex, 801 Sutton Steam Plant Rd., Wilmington, New Hanover County. The facility discharges treated industrial wastewater and stormwater to Sutton Lake and Cape Fear River in the Cape Fear River basin. The Major Modification is proposed to incorporate the change to the Sutton Lake status from the “treatment unit” to the “waters of the State”. This discharge may affect future allocations in this portion of the Cape Fear River basin.

The draft wastewater permit modification and related documents are available online at: <http://portal.ncdenr.org/web/guest/duke-npdes-permits>. Printed copies of the draft permit and related documents may be reviewed at the department’s Wilmington Regional Office. To make an appointment to review the documents, please call 910-796-7215.

Public comment on the draft permit modification should be mailed to: Wastewater Permitting, 1617 Mail Service Center, Raleigh, N.C., 27699-1617.

Public comments may also be submitted by email to: publiccomments@ncdenr.gov. Please be sure to include “Sutton” in the email’s subject line.
